There are two things that tie many girls together. Whether they are five, fifty-five, or one hundred and five, we all love dolls. There's just something about the privilege of taking care of another being that makes us feel special, and when we are young, dolls are the perfect being to care for.

As we grow, they take on a number of different rolls, but our love for them never dies. Then, we start to enjoy other hobbies and skills, and can even combine those hobbies and skills with our love for dolls.

Crochet is one of the most relaxing hobbies there is. All you need to do is sit back and enjoy making something with a color that you love, and a fiber that is soft to the touch. Anything you want comes to life right there in front of you as you carefully knot and twist the yarn into doing different things.

Now, you can combine your love for crochet with your love for dolls, and crochet your very own. It doesn't matter if you are looking for dolls to give as gifts to the girls you love, or if you just want to make yourself a little doll family to live on your shelf, this book has just what you need to make that happen.

Trust me, when you see how easy it is to create dolls that are your very own, you are going to be instantly hooked on using crochet to create them. You can now get the doll of your dreams using the colors you want and the patterns you want.

This book has everything you need to create your very own doll:

- Follow easy patterns for cute dolls
- Follow patterns to make dresses for all your dolls
- Have fun and learn what you need to create your own patterns
- Design clothing for your dolls and see them come to life
- And more!
