**SAP - A Map of the Minefield: 2nd, revised Edition** Stephen Birchall

**NOTE: This is a revised version of the original book, it dos not contain any significant update. This revision was to merely to correct the many typos that existed in the original version.**

The secret to a successful SAP implementation is to understand the do's and don'ts and this book can be thought of as a map of the minefield that is SAP. This book can save a company millions of pounds and help a business gain that important edge over their competitors. It can also help anyone involved in SAP to get the most out of their efforts. This is not a technical book and can be read cover to cover rather than only selected chapters. Included towards the end of the book is a selection of sections that cover specific areas of SAP that are often misunderstood and often cause major problems in an implementation.to
