I'm an Alien and I Want to Go Home Jo Franklin

Daniel has nothing in common with his family or classmates and has only two friends. He feels so alienated that he might as well *be* an alien. When he learns that his mom has saved a newspaper clipping about a meteor that landed nearby on his birthday, he embraces his alien heritage and launches a mission to return to his home planet. Despite mishaps, mixups, and a crisis at every turn, Daniel and his mission team—friends Eddie and Gordon the geek—energetically pursue their goal. But when Mom and Dad are drawn into danger as a result, Daniel may have to rethink his plan. This is a fast-paced illustrated page-turner with a laugh on every page.
