## **DIOS (Spanish Edition)** Frédéric Lenoir

Frédéric Lenoir ha pasado treinta años indagando en la cuestión de Dios, como filósofo, sociólogo e historiador de las religiones, es decir, de modo distanciado y desapasionado, intentando no hacer a priori juicios sobre la fe, sino estudiando el hecho religioso en sus diversas dimensiones y, especialmente, las representaciones que los hombres se hacen de una fuerza superior muy a menudo denominada “Dios”. En este libro, accesible a los no especialistas, el autor sintetiza esas muy diversas investigaciones, respondiendo a preguntas como: Si Dios existe, ¿por qué no lo vemos? ¿Cuándo aparecieron los dioses en la historia de la humanidad? ¿Son los judíos los inventores del Dios único? ¿Por qué la figura de Dios es casi siempre masculina y misógina? ¿Es Dios una persona, una fuerza, una energía, un principio creador? ¿El Dios de los judíos, cristianos y musulmanes es el mismo? ¿Qué dicen los filósofos de Dios? ¿Existe el ateísmo fuera de la cultura occidental?
