Roderick Graham

The Life of Mary: Queen of Scots: An Accidental Tragedy Roderick Graham

Mary, Queen of Scots lived during one of the most fascinating periods in history. Graham's epic work paints a unique picture of this controversial woman, showing her to be neither a Catholic martyr nor murdering adulteress but a passive young woman caught up in the ruthless sea of sixteenth-century politics who lacked the shrewdness and empowerment of her contemporaries—Catherine de Medici, Diane de Poitiers and Elizabeth Tudor. Instead, she relied on her beauty and charm and allowed herself to be a victim of circumstance. When she did finally attempt to control her future, she set in motion the events that would lead her to the executioner's block.
