## Chapter 013, Substantia Nigra, Ventral Tegmental Area, and Retrorubral Fields Juergen Mai

NOTE: This is a single chapter excerpted from the book *The Human Nervous System*, made available for individual purchase. Additional chapters, as well as the entire book, may be purchased separately.

The previous two editions of the **Human Nervous System** have been the standard reference for the anatomy of the central and peripheral nervous system of the human. The work has attracted nearly 2000 citations, demonstrating that it has a major influence in the field of neuroscience. The third edition is a complete and updated revision, with new chapters covering genes and anatomy, gene expression studies, and glia cells. The book continues to be an excellent companion to the **Atlas of the Human Brain**, and a common nomenclature throughout the book is enforced. Physiological data, functional concepts, and correlates to the neuroanatomy of the major model systems (rat and mouse) as well as brain function round out the new edition.

**ENDORSED BY SOCIETY FOR BRAIN MAPPING AND THERAPEUTICS (SBMT) - SBMT** is a non-profit society organized for the purpose of encouraging basic and clinical scientists who are interested in areas of Brain Mapping, engineering, stem cell, nanotechnology, imaging and medical device to improve the diagnosis, treatment and rehabilitation of patients afflicted with neurological disorders. This society promotes the public welfare and improves patient care through the translation of new technologies/therapies into life saving diagnostic and therapeutic procedures. The Society is focused in breaking boundaries of science, technology, medicine, art and healthcare policy. For more information about how to become a member or participate in SBMT programs please visit: [www.WorldBrainMapping.org](http://www.WorldBrainMapping.org)

\*Adopts standard nomenclature following the new scheme by Paxinos, Watson, and Puelles and aligned with the Mai et al. Atlas of the Human Brain (new edition in 2007)

\* Full color throughout with many new and significantly enhanced illustrations

\* Provides essential reference information for users in conjunction with brain atlases for the identification of brain structures, the connectivity between different areas, and to evaluate data collected in anatomical, physiological, pharmacological, behavioural, and imaging studies

### **From reader reviews:**

#### **Barbara Richardson:**

Why don't make it to be your habit? Right now, try to prepare your time to do the important action, like looking for your favorite book and reading a guide. Beside you can solve your short lived problem; you can add your knowledge by the publication entitled Chapter 013, Substantia Nigra, Ventral Tegmental Area, and Retrorubral Fields. Try to make book Chapter 013, Substantia Nigra, Ventral Tegmental Area, and Retrorubral Fields as your close friend. It means that it can to get your friend when you sense alone and beside associated with course make you smarter than previously. Yeah, it is very fortunated for you personally. The book makes you considerably more confidence because you can know anything by the book. So , we need to make new experience and also knowledge with this book.

#### **Daniel Rogers:**

Are you kind of active person, only have 10 or maybe 15 minute in your time to upgrading your mind talent or thinking skill even analytical thinking? Then you are receiving problem with the book than can satisfy your small amount of time to read it because all this time you only find e-book that need more time to be examine. Chapter 013, Substantia Nigra, Ventral Tegmental Area, and Retrorubral Fields can be your answer because it can be read by you who have those short spare time problems.

#### **Samuel Potter:**

You could spend your free time to read this book this publication. This Chapter 013, Substantia Nigra, Ventral Tegmental Area, and Retrorubral Fields is simple to create you can read it in the area, in the beach, train in addition to soon. If you did not have much space to bring the actual printed book, you can buy often the e-book. It is make you simpler to read it. You can save the book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.

#### **Mark Adair:**

A lot of e-book has printed but it is different. You can get it by world wide web on social media. You can choose the top book for you, science, comedy, novel, or whatever by simply searching from it. It is identified as of book Chapter 013, Substantia Nigra, Ventral Tegmental Area, and Retrorubral Fields. Contain your knowledge by it. Without making the printed book, it might add your knowledge and make anyone happier to read. It is most essential that, you must aware about publication. It can bring you from one destination for a other place.
