When we discover the truth about others, we find ourselves....

Kate has a safe, happy, ordinary existence. Or so she thinks. When her husband Jimmy goes missing she is forced to re-evaluate every aspect of her life, and must confront the past to find a future.

Kate hasn't seen her mother, Laura, for 25 years, and she cannot seek solace from her estranged father. Can Una, her paternal grandmother, provide answers about those who have seemingly abandoned her, and help her come to terms with the loss of those she loves?

As If I Were a River is the emotional story of three generations of women and the impact of their actions upon each other...and themselves. It is a story of buried secrets, and of finding the courage to question the life you lead. Are we forever shaped by our past, or can we find redemption in making our own future?
