Mary Wollstonecraft Shelley

Frankenstein (Colección Sepan Cuantos: 687) (Spanish Edition) Mary Wollstonecraft Shelley

Frankenstein es la historia de un científico que, con miembros de diversos muertos robados de los cementerios y cámaras mortuorias, elaboró una forma humana. El resultado: un monstruo que la sociedad tildó carente del "hálito divino". Este monstruo, deseoso de amor y de simpatía, tras ser rechazado por todos, incluso por su propio creador, busca hacer todo el daño posible a quien lo creó.

Puesto que Mary W. Shelley no impuso al monstruo nombre alguno, éste ha acabado por ser designado por los lectores con el nombre de su creador.

Shelley ocupa un lugar destacado entre los novelistas de terror, porque su Frankenstein ha legado un nombre a la mitología popular. En su género, es una obra rica en colorido. La habilidad en dar forma a estas macabras y aterradoras fantasías es revelada aquí.
