## **Governing the Hearth: Law and the Family in Nineteenth-Century America (Studies in Legal History)**

Michael Grossberg

Presenting a new framework for understanding the complex but vital relationship between legal history and the family, Michael Grossberg analyzes the formation of legal policies on such issues as common law marriage, adoption, and rights for illegitimate children. He shows how legal changes diminished male authority, increased women's and children's rights, and fixed more clearly the state's responsibilities in family affairs. Grossberg further illustrates why many basic principles of this distinctive and powerful new body of law--antiabortion and maternal biases in child custody--remained in effect well into the twentieth century.

#### **Amanda Young:**

As a university student exactly feel bored to be able to reading. If their teacher requested them to go to the library as well as to make summary for some e-book, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that reading is not

important, boring and can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore , this Governing the Hearth: Law and the Family in Nineteenth-Century America (Studies in Legal History) can make you experience more interested to read.
