Rustic Homes I Built w/ Chainsaw - \$10 sf!/: Cordwood, Post/Beam/Board-Batten, Timber Construction (Volume 1) Dennis A. Hooker

I, a non-carpenter, built 3 beautiful Rustic Homes for \$10 a square foot - and a tiny chain saw. I share some steps and ideas that I used. (I consider this book a "Yes, You can!" - more than "How-to". Why? Three friends saw my creations, then built their own beautiful rustic homes.) Bonus: a log house built by a friend from trees just above the cabin. And a home I re-built and lived in - and a 46' wooden sailboat I restored. I continue to use rustic techniques - my main tool being the tiny old Stihl .013.
