Where was *Jurassic Park* filmed? How about *Beetlejuice*? What town was terrorized in *The Birds*? Where did Meg Ryan "fake it" in *When Harry met Sally*? Look no further! The author of the authoritative book on famous spots in Hollywood has cast his eyes across the U.S. for sets and sites of interest.

Although this is billed as a good way to visit the sites where hundreds of movies and T.V. series have been filmed, I actually found this more interesting as a resource to select videos which took place in certain locales: "Say, honey, let's watch a movie filmed in Charleston..." --a sad commentary on how sedentary my life has become that I'm traveling by VCR!
