Lumion 3D Best Practices *Ciro Cardoso*

Explore the best practices to build architectural visualizations efficiently in Lumion 3D

About This Book

- Learn professional techniques to improve Lumion's workflow.
- Improve your work quality by using Lumion's top features effectively.
- Practical, efficient and deep insight into how to create astonishing visualizations using Lumion.

Who This Book Is For

This book is designed for advanced Lumion users who wish to apply these techniques to their own projects. The reader should be familiar with modeling knowledge and have at least a basic knowledge of a graphics editing program, such as Photoshop or Gimp.

What You Will Learn

- Tackle the most common issues and develop an effective workflow
- Import detailed and optimized external 3D models
- Construct effective lighting for interior scenes
- Sculpt detailed terrains with heightmaps
- Create PBR materials for realistic renders
- Design complex animations curved paths
- Add extra realism with Lumion's effects
- Learn to create a still image and a movie

In Detail

Lumion is a real-time 3D technology that lets you create amazing visualizations without the need for long rendering hours.

Lumion 3D Best Practices covers the most important Lumion features and techniques that can be incorporated in to any real production environment. Each chapter covers a different stage of a production workflow. The first two chapters provide a good foundation, in particular for when creating content for Lumion. Furthermore, the book provides an efficient workflow by covering two classic visualization scenes: interior and exterior scenes. You then get to know the best techniques to create physically based materials that boost the look and realism of any 3D scene. Special chapters are reserved to create efficient animations, still images and movies. By the end of this practical guide, users will be familiar with the professional and effective techniques to increase efficiency in producing high-end quality visualizations in Lumion.

From reader reviews:

Brenda Lee:

Do you have favorite book? For those who have, what is your favorite's book? E-book is very important thing for us to find out everything in the world. Each guide has different aim or perhaps goal; it means that e-book has different type. Some people sense enjoy to spend their the perfect time to read a book. They are reading whatever they consider because their hobby is definitely reading a book. Consider the person who don't like examining a book? Sometime, individual feel need book once they found difficult problem or maybe exercise. Well, probably you should have this Lumion 3D Best Practices.

Nancy Deanda:

Have you spare time to get a day? What do you do when you have more or little spare time? Yep, you can choose the suitable activity for spend your time. Any person spent their very own spare time to take a move, shopping, or went to typically the Mall. How about open or read a book titled Lumion 3D Best Practices? Maybe it is to get best activity for you. You understand beside you can spend your time along with your favorite's book, you can wiser than before. Do you agree with the opinion or you have additional opinion?

Hilda Dolan:

Why? Because this Lumion 3D Best Practices is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will distress you with the secret the idea inside. Reading this book beside it was fantastic author who have write the book in such remarkable way makes the content inside easier to understand, entertaining means but still convey the meaning totally. So , it is good for you because of not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of gains than the other book include such as help improving your talent and your critical thinking means. So , still want to delay having that book? If I have been you I will go to the book store hurriedly.

Robin Lawrence:

Lumion 3D Best Practices can be one of your beginning books that are good idea. Most of us recommend that straight away because this book has good vocabulary that may increase your knowledge in vocab, easy to understand, bit entertaining but nonetheless delivering the information. The writer giving his/her effort to get every word into pleasure arrangement in writing Lumion 3D Best Practices but doesn't forget the main level, giving the reader the hottest along with based confirm resource data that maybe you can be one of it. This great information may drawn you into brand-new stage of crucial pondering.
