**Patrimonio cultural. Integración y desarrollo en América Latina (Spanish Edition)** Gonzalo Castellanos V.

América Latina recibió el siglo XXI con más de 200 millones de pobres. Ante el modelo de dependencia y exclusión que provoca esta disparidad, Gonzalo Castellanos V., especialista y consultor en gestión cultural, propone considerar el espacio cultural común para superar los intereses disonantes y las confrontaciones regionales en pos de crear sinergia en contra de la razones de la pobreza y su posición tributaria a los centros mundiales de poder. Su recorrido, breve y puntual, revisa diferentes aristas del concepto de patrimonio cultural, como los modelos de manejo, las categorías oficiales de protección, los campos históricamente tratados y el claroscuro de los acuerdos internacionales, para terminar con una propuesta de reinención de derechos culturales vivamente latinoamericanos.
