Paul Hewitt

Física Conceitual (Portuguese Edition) Paul Hewitt

Com um texto atraente, bem humorado e repleto de ilustrações, Paul Hewitt torna o estudo da física interessante, compreensível e relevante, mesmo para quem não é da área. A estratégia pedagógica permanece a mesma das edições anteriores: conceitos primeiro, cálculos depois. Física Conceitual utiliza analogias, narrativas acessíveis, representações simples das relações matemáticas subjacentes e imagens da vida real para construir um sólido conhecimento conceitual dos princípios da física.
