Holy War on the Home Front: The Secret Islamic Terror Network in the United States Harvey Kushner, Bart Davis

A leading counterterrorism expert reveals the threats we still face

In this shocking book, Harvey Kushner shows how Islamic extremists in this country constitute a highly organized underground army whose tentacles reach into our colleges and universities; recruit converts in mosques and prisons; and raise money through bogus Muslim charities and drug-running operations. They are committed to the most violent goals of Islamic jihad and united by the belief that God wants them to destroy America completely.

The federal government has virtually overlooked the challenge of rooting out the secret terror network already inside our borders. Kushner's offers new evidence that federal agencies routinely allow suspected or known terrorists to slip through the cracks, often because political correctness takes priority over counterterrorism efforts.
