THE BOSS WEARS HEELS After being literally run out of New York, Jada West has returned to Nassau and the party to end all parties is thrown in her honor. Now it was time for to get back to running Paraíso, the establishment that she and Mike Black own. However, prior to her departure, there was a saying on the island, 'If you want some done, go see Jada West', and now that she's back, Black's people have once again, began to come to her to settle their issues. And Jada handled them in pure Jada West fashion; focus on what's important. Making the money. But when a major problem occurs on the island, Jada is forced to step up. when the people about her tell Jada that she should call Black and ask him what he wants her to do, Jada refuses, because; "Mr. Black expects me to handle this." Find out if Jada West is up to the task. **THIS IS MINE** Now that other less important matters (namely Jada West) have been dealt with to her satisfaction, Black and Shy have moved on, stronger than ever. Shy has finally gone back to get her master of business administration degree and has committed to opening her own import/export business. With Wanda's war behind them, Black has promised to spend more time at home with his family; time that Shy promises will be time well spent. But there is one more matter that Shy will have to deal with—The attention being paid to her by Dr. Spencer Mensforth. As for Black, he knows that he still has The Grenadine Boys to deal with and the threat they pose to his Caribbean operation. He understands that if he is going to get on top of it, he must have information. For that, Black must face one of the demons from his past.
