**Both Sides of the Moon** Alan Duff

**A powerful novel by the author of *Once Were Warriors* about a half caste and his Maori warrior ancestor, cast out of his tribe.** Jimmy understands all about belonging and not belonging. he sees himself as part of both sides of the moon: 'Kind of black man, sort of nigger, in my own country, and kind of white, sort of The Man, by the other half of me. I am torn, yet I am more whole since I am both . . .' He is part of a fractured family, and it's only when he learns about his forebear - a brave warrior who became an outcast from his tribe - that he begins to understand the darker implications of his heritage.
