Making learning a hands-on experience, *Do-It-Yourself Early Learning* shows home child care providers how to find and use many of the inexpensive—and often overlooked—building, home-repair, and construction materials available at local hardware stores and home centers to create fun activities and toys that promote play, exploration, and discovery.

This innovative guide takes teachers on a journey through the aisles of the local home center to help them find creative ways to teach young children to build, interact, and learn from a wide variety of materials—from plumbing and electrical supplies to paints and hardware items.
