Martin Luther

Luther's Works, Vol. 11: Lectures on Psalms II (Luther's Works (Concordia)) Martin Luther
Luther's Works: The American Edition, published by Concordia and Fortress Press between 1955 and 1986, comprises fifty-five volumes. These are a selection representing only about a third of Luther's works in the Latin and German of the standard Weimar Edition, not including the German Bible. Even the modern reader of Luther's notes for these lectures on the Psalms can hardly escape noticing that the message, compared with that of other contemporary lectures, reveals greater individual involvement in the message being expounded. The prime emphasis is constantly on Christ as the center of the whole Psalter. The lecturer is dealing not with idle academic definitions but with the issues of life and salvation that affect the speaker and hearer directly and personally. This is where Luther's theology begins, and so these First Lectures on the Psalms are often called *initia theologiae Lutheri*. This second volume contains lectures on Psalms 76 through 126.
