The last ten years have been a period of extraordinary change for law firms. The rapid growth of corporate law firms and the emergence of global mega-firms such as Clifford Chance, Linklaters, and Freshfields, have strained the traditional partnership model of management. However a growing number believe that it is time to move on and adopt more contemporary forms of structure and management.

Successfully meeting the challenges of this new business environment is vital for the continuing prosperity of law firms. Featuring contributions from both management researchers and legal practitioners, *Managing the Modern Law Firm* presents the latest insights from Management Studies in an approachable, practical, and relevant manner for lawyers and other professionals involved directly and indirectly with the management of law firms.
