Lucas and Amber travel to West Africa to report on the environmental impact of a US-owned gold mine. When they start digging into the mine's operations, they discover that something isn't quite right... Back in the U.S., things begin to unravel around them. As Lucas and Amber discover more and more of the mine's true purpose, the conspirators become more and more desperate to silence them. Their only choice is to run... "Ignoble" is the first novel from Matt Elham, and it raises the bar for intelligently written, intricately-plotted, character-driven thrillers. "Ignoble" sends its readers on a thrilling ride across countries and continents. Elham populates an exceptional plot with memorable and vivid characters. You'll probably laugh, you might even cry, but you'll definitely finish the book wanting more from Elham, and wanting it soon. "Finished this awesome book today. I couldn't put it down." "Crazy ending, great twists and turns." "I never saw any of the twists and turns coming. Loved Lucas and Amber. Great characters."
