Excerpt from Naples and Southern Italy

To come Naples from Rome through the noble and tragic majesty of the Campagna, along that sombre and yet lovely road under Anagni and Monte Cassino, or to enter it first without warning out of the loneliness, the silence, and the beauty, of the sea, is to experience an astonishing disillusion.

For there is nothing, I think, in all the South - nothing certainly in Italy - quite like Naples in its sordid and yet tremendous vitality, a vitality that is sterile, that wastes itself upon itself. The largest and most populous city in the peninsula, it might seem, on first acquaintance at least, to be rather a pen of animals than a city of men, a place amazing if you will, but disgusting in its amazement, whose life is merely life, without dignity, beauty or reticence, or any of the nobler conventions of civilization; a place so restless and noisy and confused that it might be pandemonium, so parvenu and second rate that it might be one of those new American cities upon the Pacific slope.
