Instant Chef Starter John Ewart

In Detail

As any systems administrator will tell you, managing one server can be challenging, let alone a dozen or more. With Chef, you can make managing dozens or even hundreds of servers manageable and learn how to configure and deploy new servers.

"Instant Chef Starter" is a hands-on guide to managing your infrastructure. You will learn the benefits of using Chef as well as how to install, configure, and use the set of tools provided. The book will also cover developing recipes for use with Chef to install software and maintain configurations so managing dozens of servers is no more difficult than managing one.

Learn how Chef fits into your infrastructure, install the software, build your own recipes, and provision servers with ease.

This book covers installing your own Chef server to manage your infrastructure and software configurations. Discover where you can find existing templates for managing software packages and operating systems and then learn to write your own. After you have done that, learn how to apply operations, execute scripts, and manage configurations across an entire network with only one command.

Approach

Get to grips with a new technology, understand what it is and what it can do for you, and then get to work with the most important features and tasks. This is a practical Starter guide which helps you gain the skills needed to learn Chef.

Who this book is for

This book is aimed at developers and system administrators who are looking for ways to better manage complex infrastructures in a consistent fashion. No previous experience with Chef is assumed.

From reader reviews:

William Gilbert:

Information is provisions for individuals to get better life, information presently can get by anyone at everywhere. The information can be a understanding or any news even a concern. What people must be consider when those information which is inside the former life are challenging to be find than now could be taking seriously which one would work to believe or which one the actual resource are convinced. If you have the unstable resource then you obtain it as your main information you will see huge disadvantage for you. All those possibilities will not happen throughout you if you take Instant Chef Starter as your daily resource information.

Iris Wright:

Playing with family in the park, coming to see the water world or hanging out with friends is thing that usually you may have done when you have spare time, after that why you don't try point that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love Instant Chef Starter, it is possible to enjoy both. It is good combination right, you still desire to miss it? What kind of hang-out type is it? Oh can happen its mind hangout folks. What? Still don't obtain it, oh come on its named reading friends.

Eleanor Hotchkiss:

Do you have something that you want such as book? The guide lovers usually prefer to decide on book like comic, small story and the biggest the first is novel. Now, why not trying Instant Chef Starter that give your satisfaction preference will be satisfied through reading this book. Reading practice all over the world can be said as the way for people to know world better then how they react when it comes to the world. It can't be explained constantly that reading addiction only for the geeky person but for all of you who wants to possibly be success person. So , for all of you who want to start reading as your good habit, you are able to pick Instant Chef Starter become your own personal starter.

Barbara Rubio:

That guide can make you to feel relax. This kind of book Instant Chef Starter was colourful and of course has pictures around. As we know that book Instant Chef Starter has many kinds or variety. Start from kids until teens. For example Naruto or Investigation company Conan you can read and believe you are the character on there. So , not at all of book usually are make you bored, any it can make you feel happy, fun and loosen up. Try to choose the best book for you and try to like reading which.
