The Knowing Heart: A Sufi Path of Transformation Kabir Helminski

As human beings we stand on the threshold between two realities: the world of material existence and the world of spiritual Being. The "knowing heart" is the sacred place where these two dimensions meet and are integrated.

In Sufi teaching the human heart is not a fanciful metaphor but an objective organ of intuition and perception. It is able to perceive all that is beautiful, lovely, and meaningful in life—and to reflect these spiritual qualities in the world, for the benefit of others. Every human heart has the capacity and the destiny to bring that world of divine reality into this world of appearances.

The Sufis, mystics of Islam, have been educators of the heart for some fourteen centuries. Their teachings and methods are designed to help us awaken and purify the heart, to learn to listen to our deepest knowing. In *The Knowing Heart*, Kabir Helminski presents the Sufi way as a practical spirituality suitable for all cultures and times—and offers insights that are especially valuable for our life in today's world. In cultivating a knowing heart, we learn to experience a new sense of self, transform our relationships, and enhance our creative capacities. Most important, we learn how to meet the spiritual challenge of our time: to realize our sacred humanness.
