11 Days in May JD Messinger

11 Days in May is the story of one man's quest to answer the great questions: who am I, why am I here and where did I come from? After breaking his neck, leaving his body, and returning, JD Messinger experienced prophetic visions and insights. Over the course of eleven days, he takes us on a journey with a mysterious friend. The two bicker like brothers but converse like sages as they investigate the answers to thirty—six of life's most important questions. Messinger delves deep into the inner sanctum of his mind and soul to unveil knowledge long submerged. 11 Days explains that we live in the World of Form, a box that has clouded our minds with faulty and outdated programs. Inside this box, man believes he exists to conquer, but the World of Form is not the true nature of reality. It exists within the World of Light, where matter is not solid, death is not the end, and time is an illusion. While the World of Light draws us together, the World of Form tears us apart. 11 Days reveals how scientists are people of faith, we are all agents of God, and the sixth sense is more than a movie.
