Anything But Ordinary

Valerie Hobbs

Anything But Ordinary Valerie Hobbs

From the moment their romance begins in eighth grade, Winifred and Bernie are individualists. They pride themselves on being different, and have each other for support through the tough years of high school. So when they consider college, they send off for the same catalogs, promising never to separate.

But Bernie's mother dies and Bernie more or less drops out of school, becoming an ordinary guy working away in a tire shop, while Winifred goes about as far from New Jersey as a girl can go: the University of California at Santa Barbara. College is a culture shock to Winifred, but her three savvy roommates teach her how to fit in. By the time Bernie catches up with her again, Winifred has become, well . . . ordinary. Can they rediscover their true selves – and true love?

Told from alternating viewpoints, with a sense of humor and a deep appreciation of first love, Valerie Hobbs's novel captures an endearing young couple's search for independence and identity.
