In 2008, Charlotte unexpectedly and suddenly became a beekeeper. She's humorously captured anecdotes about stings and successes, interwoven with gentle observations and life reflections. Vivid color photographs provide glimpses of this fascinating insect's world, and the interplay between humans and bees. You don't have to be a beekeeper to enjoy this collection. It is ideal for beekeepers of all experience levels, wanna-bees, nature lovers and enthusiasts, and also for those who have been impacted by cancer and other life challenges, who seek the sunshine in dark clouds.
