Market Power (The New Middle Ages)

Gregory B. Milton

Market Power (The New Middle Ages) Gregory B. Milton

Market Power explores society and economy in medieval Iberia, examining the intersection of regional commercial interests, lordship, and royal authority as part of the evolution of a small village into a rural market town. This analysis of notarial registers from Santa Coloma de Queralt addresses significant themes in medieval history, such as the market economy, commerce and credit, and the interactions of businessmen across religious boundaries.
