"...my fortune is there for everyone. All of you. It is hidden somewhere in this house. It is up to you to find it." So were the instructions given to the Holt family on the deathbed of their patriarch, John Aloyissius Holt. And so begins the journey of a family and their ultimate discovery of what is true wealth. Their universal struggle brings the reader to examine the utter reality of their own spiritual existence and what, in the end, is the true meaning of family and identity. Set in a New England town, the search for the fortune comes up empty until a hundred and sixty years later, when a wrecking ball discovers it in the staircase. Too late, but no longer important. Its discovery is incapable of dislodging the seamless connection that its loss inadvertently created. In the end, its discovery did not matter, for they each had what they needed in life: faith in themselves and hope! It was a chain of events that wealth could never have created, a legacy of timeless faith sustained by each generation by never saying good-bye but always, "Bye for now." Their wealth was hidden within the travails of each day!
